Commissioner for Patents

Alexandria, VA 22313-1450

Sir:

Applicants hereby respectfully request correction of the Patent Term Adjustment (PTA) listed in the Notice of Allowability mailed May 26, 2010, from 230 days to the 673 days currently listed in PAIR.

In accordance with 37 C.F.R. § 1.705(b) this Application for Patent Term Adjustment is being filed on the same day or prior to the issue fee being paid, and is therefore timely filed. The Director is authorized to charge Applicants' Deposit Account 19-4880 for the required fee as specified in 37 C.F.R. § 1.18(e) (\$200.00).

As required by §§ 1.705(b)(2), a Statement of the Facts is set forth below.

**APPLICATION FOR PATENT TERM ADJUSTMENT UNDER 37 C.F.R. § 1.705**

**Attorney Docket No.: Q91735**

**U.S. Appln. No.: 10/559,378**

**I. STATEMENT OF THE FACTS**

There is a discrepancy between the amount of PTA reflected in the Notice of Allowability and the amount of PTA currently reflected in PAIR. The Office of Patent Legal Administration was unable to provide guidance as to why the discrepancy exists during a telephone conversation held with Kery Fries on August 23, 2010. To preserve their rights in the event that the present patent does not issue with the correct PTA, Applicants are filing the present Application for Patent Term Adjustment.

The difference between the incorrect 230 days listed on the Notice of Allowability and the correct 673 days currently listed in PAIR is the result of 443 days of USPTO delay under 37 C.F.R. § 1.703(c)(1) (resulting from the time that the present application was involved in Interference No. 105,583) not being included in the calculation of PTA appearing in the Notice of Allowability. Applicants' review of PAIR immediately following the issuance of the Notice of Allowability revealed that at that time, the 443-day delay did not appear in the PTA calculation. At some time since the issuance of the Notice of Allowability, however, the PTA calculation in PAIR was updated to reflect the 443-day delay.

Applicants attach herewith a copy of the PTA calculation as it currently appears in PAIR, which illustrates a correct calculation of the PTA accrued thus far in the present application.

***A. The correct patent term adjustment and the basis or bases under §1.702 for the adjustment***

Applicants respectfully submit that the correct PTA accrued thus far is 673 days. This results from 970 days of USPTO delay and 297 days of Applicant delay.

**APPLICATION FOR PATENT TERM ADJUSTMENT UNDER 37 C.F.R. § 1.705**

**Attorney Docket No.: Q91735**

**U.S. Appln. No.: 10/559,378**

***B. Delay attributable to the USPTO (the relevant dates as specified in §§1.703(a) through (e) for which an adjustment is sought)***

As illustrated in the attached printout of the PAIR calculation of PTA for the present application, the two independent delays attributable to the USPTO are:

- 527 days resulting from the issuance of the Restriction Requirement on September 7, 2004 (37 C.F.R. § 1.703(a)(1))
- 443 days resulting from the time that the present application spent in Interference No. 105,583 (37 C.F.R. § 1.703(c)(1))

Thus, the total delay attributable to the USPTO under 37 C.F.R. §§ 1.703(a)-(e) is 970 days.

***C. Delay attributable to Applicants (any circumstances during the prosecution of the application resulting in the patent that constitute a failure to engage in reasonable efforts to conclude processing or examination as set forth in § 1.704)***

As illustrated in the attached printout of the PAIR calculation of PTA for the present application, the four independent delays attributable to Applicants are:

- 123 days resulting from the September 19, 2002 payment of filing fees (37 C.F.R. § 1.704 (b))
- 90 days resulting from the March 7, 2005 response to the September 7, 2004 Restriction Requirement (37 C.F.R. § 1.704 (b))
- 7 days resulting from the June 29, 2005 Response to the March 22, 2005 Office Action (37 C.F.R. § 1.704 (b))

**APPLICATION FOR PATENT TERM ADJUSTMENT UNDER 37 C.F.R. § 1.705**

**Attorney Docket No.: Q91735**

**U.S. Appln. No.: 10/559,378**

- 77 days resulting from the Supplemental Response filed September 14, 2005 (37 C.F.R. § 1.704 (c)(8))

Thus, the total delay attributable to the Applicants under 37 C.F.R. §§ 1.704 is 297 days.

***D. Whether the application is subject to a terminal disclaimer and any expiration date specified in the terminal disclaimer***

The present application is not subject to a Terminal Disclaimer.

***E. The adjustment as specified in 37 C.F.R. § 1.703(f) to which Application No. 10/058,828 is entitled***

In view of the above, Applicants respectfully submit that the correct PTA to date is 673 days.

**II. CONCLUSION**

In summary, Applicants respectfully submit that it is proper that the USPTO grant Applicants' Application for Patent Term Adjustment. Favorable consideration is respectfully requested.

Respectfully submitted,
